Dr. C. H. Bogman, the well-known oculist, will be here for one day only, Saturday, April 11th. Any one in need of the services of this distinguished physician would do well to make a note of the date and meet him at the parlors of the Commercial Hotel.

Striking workmen attacked the works of the Erie coal mine near Pittsburgh, Thursday morning. The Deputy Sheriff, defending fired on the attacking miners, killing seven and wounding fifteen more. Several of the latter have since died. The strikers are all foreigners. More trouble is anticipated.

Home and Farm mixed paint properly used will wear longer, look better, cover more surface, rub out better under the brush, fade less and move uniformly, and prove more economical to the consumer than pure white lead and white lead mixed with oil.

The International Convention of the Young Men's Christian Association of the world will be held at Kansas City, Mo., May 6 to 10 inclusive. Men representing several foreign nations and all sections of our own land will tell what this grand organization is doing for young men. Are we interested in our young men sufficiently?

We are under many obligations to our friend, Mr. N. H. Trimble, for late Western papers and for other favors. Mr. Trimble is still detained by business in Kansas, and it will probably be some ten days yet till he can start for home. His many friends will be glad to learn that though hard at work, (enforced idleness, you know, would kill him), he is in excellent health.

Services at the Club Rooms under the auspices of the Young Men's Christian Association Sunday were enjoyed by all present. The leader was John E. Groves of the Southern Presbyterian church. Next Sunday the Methodist church provides a leader, probably in the person of W. T. Heister. Remember the invitation extended to all men. The hour for meeting is 3 o'clock, sharp. Come! Come! Come!!!

Cattle—The week's run was considerably heavier than a week ago, and foots up about 1,000 head more. The market, though fairly active under a good local as well as a fair shipping demand, suffered a natural reaction in consequence of liberal supplies. Shippers, good to choice, \$5.00 to \$5.50; common to fair, \$3.25 to \$4.50; oxen, good to choice, \$4.00 to \$4.75; common to fair, \$2.25 to \$3.75; butchers, good to choice, \$4.50 to \$5.00; extra, \$5.00 to \$5.25; fair to medium, \$3.25 to \$4.25; common, \$1.75 to \$2.75; fair to best heifers, \$3 to \$4.25; choice, \$4.50 to \$4.75; cows, good to choice, \$3.50 to \$4.50; com. to fair \$1.25 to \$2.25; fair dairy cows, \$3.50 to \$4.25; stockers, \$3 to \$4.25; feeders, \$4 to \$4.50; yearlings and grazing calves, \$3.00 to \$3.50.

Hogs—Receipts 12,459 head, market advanced, but 15 to 25 cents higher; fair to good, \$4.80 to \$5.00; select butchers, \$4.80 to \$4.90; common and light stockers, \$2.75 to \$3.25.

Sheep—Receipts 700 head, common to fair, \$3.80 to \$4.50; good to choice, \$4.75 to \$5.75; extra fat wethers and yearlings, \$5.75 to \$6.15.

Lambs—Supply short, and strong demand; good to choice, \$6.50 to \$9 per 100 lbs.

Go to Jones' for wedding presents.

Richmond's Ice Factory.

Mr. J. M. Pickrell, of Mt. Sterling, was here on Monday, and bought the vacant lot next to the steam laundry, corner of South Estill avenue and Heath street, for an ice factory.

The concern will be styled the Richmond Ice Manufacturing Company. Mr. C. S. Powell is interested and represents the Company.

Work on the house will begin immediately. The plant has been selected and will be shipped right away. It is of five ton capacity.

The Ice Company, having purchased the lot from Mr. Owen McKee for \$500, has secured also the privilege of a water supply from McKee's life. The principal supply, however, will come from the water works.

Mr. Pickrell says that he expects to turn out ice by the 10th or 15th of May. He is an agreeable gentleman and the people of Richmond bid him welcome.

The cost of the plant is \$16,000, and that means a first-class institution in every way.—[Climax.]

T. H. Eastin is just in receipt of a large consignment of furniture, elegant in design we can assure you. Call and see what beautiful things he has to show you, and at what low prices he will sell you goods. Who wants to buy a second rate article when he can buy the best class of goods for the same price. 32-4t

Sensation at the University.

On Wednesday, April 1st, about thirty students in the Preparatory Department "cut" their recitations, and the following morning Professor Pulliam, who presides over that Department, administered a whipping to each one of them for misconduct, except two sons of Taylor Rice, who resisted. Being unable to conquer them and understanding that they were armed, he sent for Marshal Feeny. The Marshal arrived with Deputy Berry and arrested the parties with the intention of disarming them. No weapons were found, however, and he proceeded to punish them as he had done the rest of the disobedient. The proceeding was the talk of the town and it is probable that "cutting" on April Fool's Day, or any other day, will hereafter be exceedingly unpopular.—[Richmond Register.]

ANOTHER MOB.

Last Tuesday night another attempt was made on the jail at this place, ostensibly to take the Wiggintons out for the purpose of lynching them. The mob had no organization and worse than no leader, and the ten determined men in the building had small difficulty in disposing of them. There are said to have been some 30 or 40 men in the party, who wore black calico masks and the supposition is were almost without exception from this city. Charles Wilson heard of the gathering, and went out to find out how many there were, and of what kind of material it was composed. He examined them to his satisfaction and started off, when they ordered him to halt, but he invited them to walk to that warm place, where it is said they do not rake fire nights, and proceeded to the jail, to give what information he had obtained. In a few minutes the doughty leader was battering open the door of the residence part of the jail and with a Falstaffian stride entered the office followed by a few of the crowd. His big talk proclaimed him the leader of the mob and Jailor Tipton and his men quickly entered the room and disarmed and unmasked him. Officer Gibbons wanted to place him in a cell but Mr. Tipton taking hold of him whirled him around and insisted upon his making a hasty exit. A few words from the officers, and the mob dispersed and went home. Too much cannot be said for the patience and forbearance the officers of this county have exhibited toward those who have thus unlawfully assembled to wreak vengeance upon parties, who, however vile and death-deserving they may be, are now in the hands of the law. These officers whilst sworn to uphold the majesty of the law, recognized the fact that the people of the section in which these wretches lived have had strong provocation and therefore whilst determined to hold their prisoners at all hazards, have dealt with wonderful leniency with the several mobs that have made attempts on the jail. But the patience of the officers is nearly exhausted and we warn those who have been taking part in these midnight assaults, that a conviction under the ku-klux act might bring some very unpleasant experiences. Let's have no more of this. You are only creating sympathy for the very villains you desire to hurt.

Worthy Ones.

Ma. Editor: I am a comparative stranger in Mt. Sterling, yet I have seen evidences that convince me that your city has some of the noblest women that ever lived.

The family of Mr. Bosworth being among strangers, the mother of three little children was upon a bed of sickness—no relatives or dear ones to call upon in their hour of distress—they were at the mercy of a cold world. But there appears on a scene, like angels from Heaven, one or two good Christian ladies. As the patient becomes more feeble, and disease gets a stronger hold, the strain becomes greater upon the one or two ladies, but others step in—a band of loving hands are now ready to minister to the wants of the strange family—night and day are the vigilant watchers at their post.

The prominent ladies were—Mr. Editor, I dare not attempt to make a list of all, on account of infringing upon your valuable space, but the goodness of heart shown in this case cannot go unrewarded.

Does not the Master's word apply here, when he said, "I was sick and ye visited me?"

May these faithful ones still prove "faithful to the end."

The bereaved must appreciate the untiring, ceaseless care, given to the one who is gone. God bless these noble ladies.

Louisville Tobacco Market, Furnished by Glover & Durrett—Louisville Tobacco Warehouse.

Sales on market for the week just closed amount to 3,432 hhds, with receipts of 1,805 hhds for the same period. Sales on our market since January 1st, amount to 46,912 hhds. Sales of the crop of 1890 on our market to date, 29,462 hhds.

The market for medium burleys was a little irregular the first of the week, but since that time they have been improving in price and close stronger than they have been for some time. From good to fine grades are scarce and are freely taken at satisfactory prices; the same applies to everything with color from the commonest to the best. The only sorts that remain dull and low are common house-burned cloudy leaf and dark trash. Old burleys have been scarce and prices are very much better. The following quotations fairly represent our market for new burley tobacco:

Trash (dark) or damaged tobacco, \$2 to \$3.00; colony trash, \$3 to \$7; common lugs not colony, \$3.50 to \$5.50; colony lugs, \$5 to \$10; common leaf, \$7 to \$10; medium to good leaf, \$10 to \$15; good to fine flue leaf, \$15 to \$17; select wrappey tobacco, \$20 to \$27.50.

DEATHS.

BOSWORTH.—Mrs. Laura A. Bosworth, wife of W. F. Bosworth, of this city, died on Friday, April 3rd, of typhoid fever. Mrs. Bosworth came with her husband from Key West, Fla., about a year ago. She was a Miss Johnson, a daughter of a prominent citizen of Key West, and although she had but such short acquaintance she had won many friends among our people, who gave the stranger within their gates, all the attention possible in her illness. She leaves three little children, the oldest ten years and the youngest five months. Mrs. M. L. Glover has taken charge of the baby whilst Mr. Bosworth will take the two older children to his sister in New York. Mrs. Bosworth was a member of the Presbyterian church and met death with the full faith of the christian. Her body was placed in the vault on Sunday afternoon, as it is not fully decided whether to bury here or take her back to her native home.

BURROUGHS.—Died on Saturday, April 4, 1891, Mrs. Duleina Burroughs, aged 74 years. Mrs. Burroughs had been sick for a long time and her sufferings had been great. She leaves a son, W. H. Burroughs, and three daughters, Mrs. Mattie Farmer and Misses Rannie and Lida Burroughs, all of this city. What filial devotion could do, was done by them, to smooth the pathway of the mother, as she went down to the dark river. She had been a true, faithful and loving mother to them and when the hour of need came, she reaped the reward of her devotion, in their loving ministrations as she sunk into that period of helplessness, that so often come to the aged.

When a life has been rounded out and its work all done, it seems not inappropriate that the tired, earth-worn body should find the quiet rest that was denied it in the troublous activities, disappointments, annoyances and difficulties that it has so long endured. This good woman who was born and raised, lived and died among this people, spent a quiet, active life, doing in her own quiet way, all the good that opportunity offered. Always about her Master's business, she did what she could to make the world better, that she lived in it.

BOGIE.—W. P. Bogie died at the home of his brother, James S. Bogie, in this county, on Saturday, April 4th, 1891, aged 30 years. For a long time he has been a sufferer from lung

trouble developed by an attack of La Grippe. He made a brave fight for life but it was not to be. His brother, and other friends as well, did all in their power to help him and alleviate his suffering. Mr. Bogie and brother came to this city some fourteen years ago and as young men went into the mercantile business, where by their integrity and upright dealing they soon won the good opinion of the community. Some years later W. P. Bogie went to the west where he lived until his fatal trouble developed, then he came back to his brother's home where he received every attention that loving hands could give. Several months ago he went to Florida in the hope of finding the health that eluded him here but, to no purpose, and about a month since he came back to end his days. He joined the Presbyterian church some time since and died in the full hope of the realization of a blessed by-and-by. He was a whole-souled companionable man and generous to a fault, and he made many friends who will hear with sorrow of his taking away. Early left an orphan he had small opportunity to know the tender care of a mother's love; never marrying he left no family to mourn him. On Sunday afternoon he was laid to rest in Machpelah cemetery, Elder H. D. Clark officiating at the services.

RELIGIOUS.

A series of meetings began at the Christian Church in this city on Sunday and will be continued as the interest may develop. Prof. L. Daugherty is in charge of the services, whilst the pastor, Elder H. D. Clark, will do the preaching. To these services a cordial invitation is extended to all. The pews in this church are absolutely free and polite ushers will be at the door to show all visitors and strangers to a seat. Your presence and encouragement is desired at this meetings. Let every one make it a point to attend as often as possible that his influence may be on the side of good.
